

Small Group ACA Dental Rate Guide for 2020

About ACA Dental-

ACA dental is offered at healthcare.gov and off exchange through agents. **NOTE: There is no requirement that you purchase an ACA dental plan or any other dental plan for your employee.** Some health plans offered in the SHOP marketplace include dental coverage. You can see which plans include dental coverage when you compare them. If a health plan includes dental, the premium covers both health and dental coverage. Separate, stand-alone dental plans are also offered. If you choose a separate dental plan, there is separate, additional premium.

There are two categories of ACA dental plans: High and Low. The high coverage level has higher premiums but lower copayments and deductibles. So, you'll pay more every month, but less when you use dental services. The low coverage level has lower premiums but higher copayments and deductibles. So, you'll pay less every month, but more when you use dental services.

When you compare dental plans in the Marketplace, you'll find details about each plan's costs, copayments, deductibles, and services covered.
